RATES OF ADVERTISING.

Newspaper proprietors generally, and especially of this sity, under the usages and regulations heretofare prevaling sity, under the stages and regulations herefolder prevaling are called upon to perform more labor without rommeration, than any other class of community. The gratuitous publication of charity and religious advertisement, and communications, tributes of respect, obituaries, &c., &c., which can only be inserted at a heavy cost to the proprietor, imposes upon them a burden so onorous, that they feel called upon, in self-defence, to check the abuse, by making such publications a diarge, to some extent at least, upon the par-ties more minediately interested. In this they are but fol-lowing the example of the press in other cities, impelled by a sense of its intrinsic propriety, and imperative duty to themselves. The subscribers have, therefore, united together in a matual agreement, upon the to lowing specified terms or the publication of these as well as every sort of regular

business advertising.

ALEX. MACKENZIE. DISORDERS OF THE BOWELS! $N^{\,0}$ Medicine that has ever been introduced into this section of the country has been found so valuable as the Thousands of bottles have been sold of late years in this State, and it has been found, in every case, to give instant ellef in all cases of

Dysentery and Diarrhes, the Premonitory Stages of Cholera, cloudy Flux, Gripings, Pain in the Stomach or Bowels, and all incluents! complaints from eating unripe fruit, coude vegeta' jes, change of water, Ac.
The is no occasion to offer certificates for a medicine that has been used in almost every family in the State with com-plete success. It was used by the Board of Health in New York, and also at St Petersburg, in Russia, in the Cholera Hospitals, when other remedies had failed, and is universally admitted to be the best and most reliable medicine in existence for the disorders it professes to cure.

This medicine is warranted; and should it fall to cure circumstance never yet known-the money will be, in all ruses, retunded.

The value of this Medicine and the confidence which the

public reposes in it, has induced the subscriber to have it left for sale at all the Drug Stores throughout the State. Price per bottle, 50 cents. [my22] ALEX. MACKENZIE. NOTICE. SEMMONE- Sir: I have been using for one week the pair of Brazilian Spectacles that I purchased from you, the pair of Brazilian Spectacles that I purchased from you, and I do not be itate to say that they are by far the best that I have ever used. I am unabled to read the frest print that I have ever used. I am unabled to read the frest print that I have ever used. I am unabled to read the finest print at night by a dim light, without straining my eyes, whereas the spectacles that I have used heretofore used hurt them, and I could not read with any antisfaction. I consider your by

spectacles a great improvement upon any that I have ever Yours respectfully, G. M. FOGG. From Egbert A. Raworth, Esq., City Recorder. Mr. J. H. Samons—Sir: After ten days constant use of the Speciacles obtained from you, I feel guarantied in testi-fying to their efficiency in restoring or relieving impaired vision. Previous to obtaining them my manuscript duties were performed with much labor to the eye, and often with pain, but since I have used your Brazilian Pebbles I have experienced nothing of the kind, but feel perfectly rejuvensted. Whether relief proceeds from the peculiar form of the glasses or the material, or both combined, I cannot say. I refer them to any glasses I have ever used, and take plea-

ure in recommending them to the public.

Respectfully. EGBERT A. RAWORTH, NASHVILLE, July 18, 1855. Mr. J. H. SEMMONS-Dear Sir : After a careful examina-ion and trial of your concave-convex Speciacies, I cheerfully aid my testimony to their superiority over all others.— They enlarge the sphere of focus, and thereby greatly relieve vision, without producing the unpleasantness created by the convex form.

Very respectfully yours,

JOHN WATERS.

Mr. J. H. SEMMONS-Sir: I have been using for several months a pair of your "Branillan Pebble Spectacles," and believing they are the only kind I have ever seen capable of completely restoring vision, which has been impaired, to its primitive perfection, I take pleasure in recommending them to the public.

Very respectfully,

D. C. TOPP.

From Dr. A. W. Hunt, Vanson, Tenn., July 25, 1555 The glasses you sent me suit my eyes well, much better than any I ever saw. Nassville, July 25, 1858.

We, the undersigned, have used for some time Mr. J. H.
Semmons' Brazil ian Pubble Spectacles, and have found them far superior to any others we have used. We cheerfully recommend them to the public.

A. W. BUTLER,

Tenn. Insurance Company JOHN D. WINSTON, M. D. Proprieter of Nashville Inn. From "Harrison on the Eye."

Persons cannot be too cautious of whom they purchase

Spectacles, as they are to be bought wholesale at little more than one shilling per down, and such inferior articles cannot be too much reproduted.

Glasses should be large enough to cover the entire eye. The abuses of small frames are but fittle known to persons using glasses."

E. Mr. S. would inform the public that he employs no agents to sell his celebrated Speciacies; and they can only be obtained at HIS OFFICE, OVER BERRY'S BOOKSTORE, And all his granine glasses are stamped on the frame thus, "J. H. Scamoos."
